## Distinctiveness

Navjivan Science College is only a grant in aid Science College in Dahod district since 1973. The majority population of Dahod district consists of tribal people. The Institute vision's statement reads to provide high quality of scientific education to the tribals students; to produce graduates with scientific aptitude and attitude who are intellectually sound, morally aware, and socially compassionate; and to develop leaders who will work to bring about social change, particularly within the communities in which they reside and throughout the country.

In keeping with its mission statement, the Institute realises that students need to be inspired to take a keen interest in the fundamental sciences. They will have greater scientific aptitude and a better scientific workforce if they are exposed to the fascinating world of research and technology. The Institute aims to fulfill the founder's vision by creating and overseeing educational institutions that uphold the four guiding values of discipline, sound education, sports, and service. The Institute provides quality education and promotes creativity with an emphasis on holistic development of the students. The Institute offers experimental and scientific knowledge to the students with different pedagogical approaches to enhance the effectiveness of the teaching and learning process. The Institute strongly focuses on a distinct performance in its teaching/learning process which is thoroughly robust and multidimensional.

The Institute has well qualified teaching staff and the knowledge of teachers enhance through FDPs and seminars regularly. The traditional methods of teaching are enhanced with ICT and other innovative methods to keep students engaged and interested in the scientific topic and to provide students with the classroom interface platform.

The Institute continues to host guest lectures, faculty talks, seminars and presentations on many scientific topics. The Institute invites learned speakers from the Government, Academia and Alumni to share their knowledge and interact with students and staff.

Under the Student Startup & Innovation Policy (SSIP) of the Government of Gujarat, an SSIP cell was established in order to give a supportive environment for the best development of their creative endeavour.

The Institute has entered into MOU with Gujarat State Mallakhambh Association which counsel and encourage students to participate in Mallakhambh.

The Institute has signed an MOU with NIIT LTD (IFBI), Mumbai for training purposes and placements of trained students.

The Institute has received funding of Rs. 4 crores under RUSA 2.0 for the infrastructure development of the Institute.

Library plays pivotal role in enhancing the efficacy of teaching learning process. The Institute has a big repository of books, journals, periodicals, thesis, rare editions, manuscripts, and videos for the use of all staff and students. Moreover, it is registered with INFLIBNET and has access to eShodhSindhu, e-journals, Shodhganga, etc. provided through NLIST membership. The library is partially digitalized by barcoding the books. There is an ecosystem for research and innovation which supports creation and transfer of knowledge.

The Institute has completed eight minor research projects and one major research project funded by UGC and BRNS. Total 19 research students have been awarded Ph. D. under guidance of faculty members of the institute. There have been 47 research publications in journals of national and international repute. The faculty has also published books and book chapters.

The students of the Institute are encouraged and motivated to participate in various competitions such as science quizzes, PPT presentations, sports, cultural and extension activities.

The Institute has thus diligently been pursuing its vision statement to help students in developing round and holistic personalities with the horizon of scientific knowledge, skill based, physical, moral and value based knowledge and its applicability to the community, so as to enhance the better living.
