A REPORT ON GUEST LECTURE: "ECONOMIC ZOOLOGY & SUSTAINABLE LIVELIHOODS"

Parameter	Details
Title of Event	Guest Lecture on Economic Zoology
Date	January 12, 2026 (Monday)
Time	11:30 AM onwards
Venue	Dr. N. J. Chinoy Lab (Zoology Lab-1), Navjivan Science College, Dahod
Occasion	Swami Vivekananda Jayanti (National Youth Day)
Resource Person	Dr. R. Radha Rani, Scientist (Animal Science), KVK Dahod
Organized By	Department of Zoology, Innovation Cell, and NSS Unit
Beneficiaries	Students of B.Sc. and M.Sc.

On the auspicious occasion of **Swami Vivekananda Jayanti**, celebrated as National Youth Day, the Department of Zoology, in collaboration with the Innovation Cell and NSS Unit of Navjivan Science College, organized an expert session. The objective was to align with the vision of empowering youth by providing them with knowledge regarding self-employment and skill development in the field of Applied Zoology.

The program commenced with the anchoring by **Ms. Praizy Mackwan**. The event was graced by the dignified presence of **Incharge Principal Dr. G. J. Kharadi** and **Head of Zoology Department Smt. N. A. Vohra**, who attended the session to encourage the students.

Dr. G. J. Kharadi delivered the Welcome Address, motivating the students to adopt scientific methods for rural development and nation-building.

Dr. R. Radha Rani, Scientist from Krishi Vigyan Kendra (KVK) Dahod, delivered an insightful lecture focusing on the practical and economic applications of Zoology.

Her presentation covered the following key areas:

- **Poultry Science:** Dr. Radharani explained the management of Broilers and Layers, disease control mechanisms, and the economic potential of small-scale poultry farming in the Dahod region.

- **Apiculture (Beekeeping):** She discussed the lifecycle of honeybees, the technique of extracting honey and wax, and the role of bees in increasing agricultural yield through pollination.
- **Vermicomposting:** The students were guided on how to convert organic waste into nutrient-rich manure using earthworms, promoting organic farming.
- **Integrated Pest Management (IPM):** The lecture highlighted sustainable methods to control agricultural pests without excessive use of chemicals, preserving the ecosystem.

Outcome of the Event: The lecture successfully bridged the gap between theoretical syllabus and practical application.

- Students gained awareness about **entrepreneurial opportunities** in Zoology.
- Participants learned about the technical support available at KVK Dahod for starting their own units.
- The session inspired students to view Zoology not just as an academic subject but as a tool for economic independence.

The successful execution of the event was coordinated by **Mr. A. N. Chauhan, Mr. D. K. Rathva, and Mr. Neel Patel**, who managed the student discipline and technical arrangements throughout the lecture

The session concluded with an interactive Q&A round where students asked questions regarding subsidies and training programs offered by KVK. A formal Vote of Thanks was proposed by the Ms. D. K. Patel, acknowledging the valuable time and knowledge shared by the expert. The event ended with the National Anthem.
