03/10/2025 CAMPUS TRAIL

04/10/2025 BIRD WATCHING

06/10/2025 PAINTING
COMPETITION

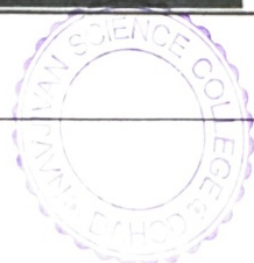

07/10/2025 QUIZ COMPETITION

08/10/2025 AWARENESS
SEMINAR

ORGANIZED BY ZOOLOGY DEPARTMENT

Day 6 – 8th October, 2025 | 11:30 AM

Event: Awareness Seminar – “Wildlife Conservation and Sustainable Living”

The final day of the Wildlife Week Celebration concluded with an Awareness Seminar on the topic ‘Wildlife Conservation and Sustainable Living’. The seminar emphasized the importance of protecting wildlife habitats, reducing human impact, and promoting eco-friendly lifestyles. Speakers highlighted the role of youth in conservation and the global challenges faced by wildlife due to urbanization and climate change. Students actively participated in discussions and shared their views on practical ways to contribute towards conservation efforts. The seminar inspired everyone to adopt a more responsible attitude towards nature.

Awareness Seminar – “Wildlife Conservation and Sustainable Living”

Conclusion

The **Wildlife Week Celebration 2025** proved to be an enriching and memorable event for both students and faculty members of Navjivan Science College, Dahod. The week-long series of activities inspired a deep appreciation for nature and wildlife among the participants. Each day's event provided a unique learning experience — from practical field observations and creative expressions to thought-provoking discussions and awareness programs.

The celebration successfully achieved its objective of promoting **environmental awareness, wildlife conservation, and sustainable living practices** among young learners. Students not only enhanced their academic understanding of biodiversity and ecosystem functioning but also developed a sense of empathy and responsibility toward all living creatures. The week created a meaningful connection between classroom learning and real-life ecological values.

The entire celebration was conducted under the able guidance of **In-Charge Principal Dr. G. J. Kharadi** and **Head of Department Smt. N. A. Vohra**, whose continuous support and motivation encouraged the team to deliver their best.

The programs were efficiently coordinated by **Mr. Ankit Chauhan** along with the dedicated team members, and other faculty and student volunteers from the Department of Zoology. Their teamwork, creativity, and passion for wildlife conservation played a pivotal role in making the Wildlife Week a grand success.

Overall, the Wildlife Week Celebration 2025 not only spread awareness about the importance of protecting our natural world but also strengthened the institution's commitment toward environmental education and sustainable development. It served as an inspiring reminder that **every small effort counts in conserving nature and ensuring a harmonious coexistence with wildlife.**
